PURDUE EXTENSION

It is the policy of the Purdue University Cooperative Extension Service that all persons have equal opportunity and access to its educational programs, services, activities, and facilities without regard to race, religion, color, sex, age, national origin or ancestry, marital status, parental status, sexual orientation, disability or status as a veteran. Purdue University is an Affirmative Action institution. This material may be available in alternative formats.

Home Food Canning 101

Learn to Do it Safely!

Spring 2009

Workshops sponsored by

Purdue Extension Area VI
Consumer & Family Science
Educators

Workshop taught by

Linda Souchon
Consumer and Family Science
Extension Educator

Are you interested in learning how to safely home can food?

Why attend?

Most individuals learn home canning skills from a family member and pass their recipes and techniques down through the generations.

Are you canning safely? Are you aware of the latest recommendations for home canning? Are you a beginner and just want to learn to do it safely? Do you simply want to preserve your garden's bounty?

What will be covered?

- Canning resources
- Preventing botulism
- Determining processing method
- Equipment, jars and lids
- Water bath canning
- Pressure canning
- Checking seals
- Storing home canned goods
- Testing of your dial gauge-bring your lid
- Your questions!

Get the latest information and learn the basics of safe home food canning!

Each participant will receive the most current issue of a canning resource book valued at \$7.00.
